The liquid-cooled, single overhead cam power plant has four valves per cylinder, a 46-mm throttle body and two VDO Siemens ‡ fuel injectors.

This practical and helpful volume details how clinicians can work through various common challenges in individual, couple, or group psychotherapy. Chapters draw upon clinical wisdom gleaned from the author's 48 years as a practicing psychiatrist to address topics such as using countertransference for therapeutic purposes; resistance, especially when it needs to be the focus of the therapy; and a prioritization of exploration over explanation. Along with theory and clinical observations, Dr. Gans offers a series of "Clinical Pearls," pithy comments that highlight different interventions to a wide range of clinical challenges. These include patient hostility, the abrupt and unilateral termination of therapy, the therapist's loss of compassionate neutrality when treating a couple, and many more. Many of the "Clinical Pearls" prioritize working in the here-and-now. In addition to offering advice and strategies for therapists, the book also addresses concerns like the matter of fees in private practice and the virtue of moral courage on the part of the therapist. Written with clarity, heart, and an abundance of clinical wisdom, *Addressing Challenging Moments in Psychotherapy* is essential reading for all clinicians, teachers, and supervisors of psychotherapy.

*Tunnels and Underground Cities: Engineering and Innovation meet Archaeology, Architecture and Art. Volume 10: Strategic use of underground space for resilient cities* contains the contributions presented in the eponymous Technical Session during the World Tunnel Congress 2019 (Naples, Italy, 3-9 May 2019). The use of underground space is continuing to grow, due to global urbanization, public demand for efficient transportation, and energy saving, production and distribution. The growing need for space at ground level, along with its continuous value increase and the challenges of energy saving and achieving sustainable development objectives, demand greater and better use of the underground space to ensure that it supports sustainable, resilient and more liveable cities. The contributions cover a wide range of topics, from investing in urban underground space, via effective use of underground space for sustainable cities, and the use of new energy carriers to the compound use of underground space for integrated campus-urban development. The book is a valuable reference text for tunnelling specialists, owners, engineers, archaeologists, architects, artists and others involved in underground planning, design and building around the world, and for academics who are interested in underground constructions and geotechnics.

The Emily Post Institute, the most trusted brand in etiquette, tackles the latest issues regarding how we interact along with classic etiquette and manners advice in this updated and gorgeously packaged edition. Today's world is in a state of constant change. But one thing remains year after year: the necessity for good etiquette. This 19th edition of Emily Post's *Etiquette* offers insight and wisdom on a variety of new topics and fresh advice on classic conundrums, including: Social media Living with neighbors Networking and job seeking Office issues Sports and recreation Entertaining at home and celebrations Weddings Invitations Loss, grieving, and condolences Table manners While they offer useful information on the practical—from table settings and introductions to thank-you notes and condolences—the Posts make it clear why good etiquette matters. Etiquette is a sensitive awareness of the feelings of others, they remind us. Ultimately, being considerate, respectful, and honest is what's really important in building positive relationships. "Please" and "thank you" do go a long way, and whether it's a handshake, a hug, or a friend request, it's the underlying sincerity and good intentions behind any action that matter most.

Demonstrates how the competition to solve pressing energy problems has become an engine of political and economic change, and shares inside stories of current and developing energy sources from different world regions.

In this original *Outlander* novella, Diana Gabaldon reveals what really happened to Roger MacKenzie Wakefield's parents. Orphaned during World War II, Roger believed that his mother died during the London Blitz, and that his father, an RAF pilot, was killed in combat. But in *An Echo in the Bone*, Roger discovers that this may not be the whole story. Now, in "A Leaf on the Wind of All Hallows," readers learn the truth. Praise for Diana Gabaldon's *Outlander* series "All you've come to expect from Gabaldon . . . adventure, history, romance, fantasy." —The Arizona Republic, on *An Echo in the Bone* "A grand adventure written on a canvas that probes the heart, weighs the soul and measures the human spirit across ten generations." —CNN, on *The Fiery Cross* "Escapist historical fiction at its best." —San Antonio Express-News, on *Drums of Autumn* "A feast for ravenous readers of eighteenth-century Scottish history, heroism and romance." —Kirkus Reviews, on *Outlander*

Claire Randall is leading a double life. She has a husband in one century, and a lover in another... In 1945, Claire Randall, a former combat nurse, is back from the war and reunited with her husband on a second honeymoon—when she innocently touches a boulder in one of the ancient stone circles that dot the British Isles. Suddenly she is a Sassenach—an "outlander"—in a Scotland torn by war and raiding border clans in the year of our Lord...1743. Hurlled back in time by forces she cannot understand, Claire's destiny is soon inextricably intertwined with Clan MacKenzie and the forbidden Castle Leoch. She is catapulted without warning into the intrigues of lairds and spies that may threaten her life ...and shatter her heart. For here, James Fraser, a gallant young Scots warrior, shows her a passion so fierce and a love so absolute that Claire becomes a woman torn between fidelity and desire...and between two vastly different men in two irreconcilable lives.

Diana Gabaldon's acclaimed *Outlander* series blends rich historical fiction with riveting adventure and a truly epic love story. Now, with this convenient eight-volume eBook bundle, discover the novels that have won Gabaldon millions of fans and introduced readers to the brilliant Claire Randall and valiant Highlander Jamie Fraser. "Great fun . . . marvelous and fantastic adventures, romance, sex . . . perfect escape reading." —San Francisco Chronicle, on *Outlander* The year is 1946. Claire Randall is a British ex-combat nurse on a postwar second honeymoon with her husband in the Scottish Highlands. Walking alone one afternoon, she

passes through a circle of standing stones and is hurled back in time to a Scotland simmering with war in the year of our Lord 1743. Catapulted into an intrigue of rival clans and rising armies that threatens her life, she 's obliged to wed James Fraser, a gallant young Scots warrior, as the only way to survive. Thus begins a series of unrivaled storytelling that has become a modern classic. This bundle includes: OUTLANDER DRAGONFLY IN AMBER VOYAGER DRUMS OF AUTUMN THE FIERY CROSS A BREATH OF SNOW AND ASHES AN ECHO IN THE BONE THE CUSTOM OF THE ARMY (E-NOVELLA) “ Diana Gabaldon is a born storyteller . . . the pages practically turn themselves. ” —The Arizona Republic, on Dragonfly in Amber “ A feast for ravenous readers of eighteenth-century Scottish history, heroism, and romance. ” —Kirkus Reviews, on Outlander

Selected by The New York Times Book Review as a Notable Book of the Year A revelatory tale of science, adventure, and modern myth. When the writer Donovan Hohn heard of the mysterious loss of thousands of bath toys at sea, he figured he would interview a few oceanographers, talk to a few beachcombers, and read up on Arctic science and geography. But questions can be like ocean currents: wade in too far, and they carry you away. Hohn's accidental odyssey pulls him into the secretive world of shipping conglomerates, the daring work of Arctic researchers, the lunatic risks of maverick sailors, and the shadowy world of Chinese toy factories. Moby-Duck is a journey into the heart of the sea and an adventure through science, myth, the global economy, and some of the worst weather imaginable. With each new discovery, Hohn learns of another loose thread, and with each successive chase, he comes closer to understanding where his castaway quarry comes from and where it goes. In the grand tradition of Tony Horwitz and David Quammen, Moby-Duck is a compulsively readable narrative of whimsy and curiosity.

Crossing the boundaries of genre with its unrivalled storytelling, Diana Gabaldon 's new novel is a gift both to her millions of loyal fans and to the lucky readers who have yet to discover her. In the ten years since her extraordinary debut novel, Outlander, was published, beloved author Diana Gabaldon has entertained scores of readers with her heart-stirring stories and remarkable characters. The four volumes of her bestselling saga, featuring eighteenth-century Scotsman James Fraser and his twentieth-century, time-travelling wife, Claire Randall, boasts nearly 5 million copies in the U.S. The story of Outlander begins just after the Second World War, when a British field nurse named Claire Randall walks through a cleft stone in the Scottish highlands and is transported back some two hundred years to 1743. Here, now, is The Fiery Cross, the eagerly awaited fifth volume in this remarkable, award-winning series of historical novels. The year is 1771, and war is approaching. Jamie Fraser 's wife has told him so. Little as he wishes to, he must believe it, for hers is a gift of dreadful prophecy — a time-traveller 's certain knowledge. To break his oath to the Crown will brand him a traitor; to keep it is certain doom. Jamie Fraser stands in the shadow of the fiery cross — a standard that leads nowhere but to the bloody brink of war.

INSTANT #1 NEW YORK TIMES BESTSELLER A Best Book of the Year: The New Yorker, The Guardian, The Sunday Times, The Daily Mail, Good Morning America, She Reads Famed American actress Demi Moore at last tells her own story in a surprisingly intimate and emotionally charged memoir. For decades, Demi Moore has been synonymous with celebrity. From iconic film roles to high-profile relationships, Moore has never been far from the spotlight—or the headlines. Even as Demi was becoming the highest paid actress in Hollywood, however, she was always outrunning her past, just one step ahead of the doubts and insecurities that defined her childhood. Throughout her rise to fame and during some of the most pivotal moments of her life, Demi battled addiction, body image issues, and childhood trauma that would follow her for years—all while juggling a skyrocketing career and at times negative public perception. As her success grew, Demi found herself questioning if she belonged in Hollywood, if she was a good mother, a good actress—and, always, if she was simply good enough. As much as her story is about adversity, it is also about tremendous resilience. In this deeply candid and reflective memoir, Demi pulls back the curtain and opens up about her career and personal life—laying bare her tumultuous relationship with her mother, her marriages, her struggles balancing stardom with raising a family, and her journey toward open heartedness. Inside Out is a story of survival, success, and surrender—a wrenchingly honest portrayal of one woman 's at once ordinary and iconic life.
