In the worldwide best seller *Values in a Time of Upheaval*, Joseph Ratzinger (now Pope Benedict XVI) passionately defends the role traditional Judeo-Christian values should play in a pluralistic society and a multicultural world. He examines such crucial contemporary issues as the moral foundations of a free society, the role of spiritual values in promoting human rights, current challenges to Western culture, and the place of faith and love of God in finding true peace. Joseph Ratzinger proposes a balance of faith and reason that avoids the extremes of fundamentalist theocracies and secular, relativist states. Topics include: Politics and moralityPeaceThe meaning of historyTruth in a pluralistic worldThe moral basis of democratic statesRelativismHuman dignityThe Christian basis for hopeBioethicsFreedomHuman rights and responsibilitiesMarriage and familyTradition and progress
