How are leaders successfully managing competitive companies in the 21st Century? Gulati/Mayo/Nohria's MANAGEMENT, 1E, by award-winning instructors and prominent Harvard business experts, addresses the many integrated facets in answering this key question to help you effectively prepare for successful leadership now and in the future. As a manager, you will be confronted with challenges and opportunities that are more dynamic and complex than ever before. As a leader in any business role, you need to understand how to harness technological advances, manage and lead a dispersed and diverse workforce, anticipate and react to constant competitive and geopolitical change and uncertainty, compete on a global scale, and operate in a socially responsible and accountable manner. Gulati/Mayo/Nohria's MANAGEMENT, 1E demonstrates the mutual interconnectivity between three key facets of management: strategic positioning, organizational design, and individual leadership. The book presents management from a tangible, integrated, and current perspective, teaching you to visualize how strategy informs leadership and how leaders influence strategic positioning and, ultimately, manage performance. Find the significant support you need to learn key management concepts and effectively prepare for tests as you become a better future manager. Review is simple, allowing you to maximize your study time, with a variety of exercises and opportunities to test your understanding before actual course exams.

MANAGEMENT, 12E, takes a functional, skills-based approach to the process of management with a focus on active planning, leading, organizing and controlling. Griffin carefully examines today's emerging management topics, including the impact of technology, importance of a green business environment, ethical challenges, and the need to adapt in changing times. This edition builds on proven success to help strengthen your management skills with a balance of classic theory and contemporary practice. Numerous new and popular cases and learning features highlight the challenges facing today's managers. Hundreds of well-researched contemporary examples, from Starbucks to The Hunger Games to professional baseball, vividly demonstrate the importance of strong management to any type of organization. As tomorrow's manager, you will be confronted with challenges and opportunities that are more dynamic and complex than ever before. MANAGEMENT: AN INTEGRATED APPROACH, by award-winning instructors and prominent Harvard business experts, teaches you how to think like a successful manager and effective leader. This second edition clearly demonstrates the interconnectivity between three facets of management: strategic positioning, organizational design, and individual leadership. You learn the importance of harnessing technological advances, managing and leading a dispersed and diverse workforce, anticipating and reacting to constant competitive and geopolitical change and uncertainty, competing on a global scale, and operating in a socially responsible and accountable manner. Clear concepts directly relate to how today's organizations operate, while self-reflection opportunities help you evaluate personal leadership abilities and skill-building practice equips you for leadership success. You master management principles from a tangible, integrated, and current perspective as you learn to visualize how strategy informs leadership and how leaders influence strategic positioning and, ultimately, manage performance. Let MANAGEMENT: AN INTEGRATED APPROACH, 2E prepare you for leadership success as this unique book answers the key question: How are leaders successfully managing competitive companies in the 21st Century? Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

This worldwide best-selling business statistics text emphasizes applications over calculation. STATISTICS FOR MANAGEMENT AND ECONOMICS, 9e, demonstrates how vital statistical methods are for today's managers and economists--and teaches students how to apply these tools to real business problems. Through the author's unique three-step ICI approach to problem solving, students learn to IDENTIFY the correct statistical technique by focusing on the problem objective and data type, then COMPUTE the statistics (doing them by hand, using Excel, or using MINITAB), and ultimately INTERPRET results in the context of the problem. This approach enhances student comprehension and skills while offering you maximum flexibility. Incorporating various functional areas of business, data-driven examples, exercises, and cases demonstrate statistical applications used by marketing managers, financial analysts, accountants, economists, and others, giving students the hands-on practice they need, while sound pedagogical elements make the material accessible to undergrads. In addition, unique teaching and learning resources such as CourseMate save time while giving you more control and better student outcomes. Important Notice: Media content referenced within the product description or the product text may not be available in the ebook version.

Continuing the four goals from the first edition, i.e. helping students to make good financial decisions, providing a solid text for the introductory MBA course, motivating students by demonstrating finance is relevant and interesting, and presenting the material clearly, this Tenth Edition promises to be the best yet. Written by a highly-acclaimed, best selling, author team, this text remains the only MBA-level text to present a balance of financial theory and applications.

Known for its real-world examples and effective problem sets, this undergraduate corporate finance course is now in its 9th edition and includes a student resource CD-ROM, with Excel tutorials and additional practice problems. The tenth edition features InfoTrac college edition access.

Business professionals that struggle to understand key concepts in economics and how they are applied in the field rely on Microeconomics. The fourth edition makes the material accessible while helping them build their problem-solving skills. It includes numerous new practice problems and exercises that arm them with a deeper understanding. Learning by Doing exercises explore the theories while boosting overall math skills. Graphs are included throughout the mathematical discussions to reinforce the material. In addition, the balanced approach of rigorous economics gives business professionals a more practical resource.

4LTR Press solutions give students the option to choose the format that best suits their learning preferences. This option is perfect for those students who focus on the textbook as their main course resource. Concise yet comprehensive chapters in a modern design present content in an engaging and accessible format, while Tear-Out Review Cards give students a portable study tool containing all of the pertinent information for class and test preparation.
