Denver Riggleman is a logical guy—he has to be, as a government data analytics expert. But at the same time, he's been haunted since childhood by the memory of an inexplicable encounter with—Something—that he and his grandfather met unexpectedly in the woods. Denver's ongoing curiosity about what it might have been, and his fascination with the fringe element of Bigfoot Believers, leads him on an "official" investigation into the world of Bigfoot's fervent disciples and their eclectic belief systems. The Mating Habits of Bigfoot takes you deep into a world dedicated to studying a creature whose existence cannot be proved, but that doesn't stop its devotees from learning its habits, language, and dietary preferences. Wandering haphazardly through the woods, seeing things that aren't there and hoping for the miracle of provable contact, the Bigfoot crusaders attempt to find their evasive hero-God...while speculating about whether his anatomy is proportionate. Hilarious and thought-provoking, this book will challenge what you think you know about reality.

A howl in the distance. The biggest footprint you've ever seen. A blurry figure in the distance. These are the clues that lead us to believe there is something out there—Bigfoot. Already a fan of the wildly successful FINDING BIGFOOT television show on Animal Planet? (One of the top-performing TV shows in the network's history!) Stacked with information for your burning Sasquatch questions, this heavily illustrated work features a compelling narrative with commentary from the stars of the show, photographs and extras from the Animal Planet's archives, and so much more. Skeptics will be given all the information they need to decide for themselves if they believe, and enthusiasts will revel in this essential Bigfoot book. Do you hear that howl? Bigfoot is calling.

Shy and reclusive, BigFoot spends his days in the deep dark woods, rarely spotted by humankind. But every now and then he leaves his remote retreat, and travels through time! Sharpen your search & find skills by locating him at his favorite moment in history. It won't be easy. Try to discover BigFoot in 10 different historical epochs, as he helps invent the airplane, goes on a Viking voyage, plays with Jurassic dinosaurs, joins an old west cattle drive, and more. This handsome hardcover book presents each memorable moment as an immense two-page visual puzzle, full of teeming people and creatures. Your task is not only to find BigFoot and his legendary footprint, but

A New York Times Bestseller "A charming story about finding a safe place to let your freak flag fly." –People "Young readers who have ever felt too big or been made to feel small will feel just right in the cheerful glow of Weiner's contemporary fairy tale." –The New York Times Book Review From #1 New York Times bestselling author Jennifer Weiner comes a "smartly crafted" (BCCB) and "heartwarming" (School Library Journal) tale of friendship, furry creatures, and finding the place where you belong. Alice Mayfair, twelve years old, slips through the world unseen and unnoticed. Ignored by her family and shipped off to her eighth boarding school, Alice would like a friend. And when she rescues Millie Maximus from drowning in a lake one day, she finds one. But Millie is a Bigfoot, part of a clan who dwells deep in the woods. Most Bigfoots believe that people–NoFurs, as they call them–are dangerous, yet Millie is fascinated with the No-Fur world. She is convinced that humans will appreciate all the things about her that her Bigfoot tribe does not: her fearless nature, her lovely singing voice, and her desire to be a star. Alice swears to protect Millie's secret. But a league of Bigfoot hunters is on their trail, led by a lonely kid named Jeremy. And in order to survive, Alice and Millie have to put their trust in each other–and have faith in themselves–above all else.

Some monsters are real. Miles away from the hectic city, Reed and Rebecca hike into the beautiful Northwester woods. They are surrounded by gorgeous mountains, waterfalls, and hundreds of acres of unspoiled wilderness. During their first night camping, an unearthly wail pierces the calm of the forest. Then something emerges from the dense woods. Everything that follows is a blur to Reed–except the unforgettable image of a huge creature carrying his wife into the darkness. Enter into deep wilderness where the rules of civilization no longer apply. A world where strange shadows lurk. Where creatures long attributed to overactive imaginations and nightmares are the hunters . . . and people are the hunted.

"Elliot and his friend Uchenna join Professor Fauna as they travel to the Pacific Northwest and help keep a sasquatch family safe from a pack of journalists and a logging company"--
