Now you can build the kind of defense that wins championships with Defensive Football Strategies. This complete collection of tactics, teachings, and insights comes from many of the game's best defensive minds from the past 40 years. Inside you'll find winning tactics and teachings from 90 top defensive strategists in the modern era of football, including Jerry Sandusky of Penn State, Charlie McBride of Nebraska, R.C. Slocum of Texas A and M, and Bo Schembechler of Michigan. With the help of more than 600 X-and-O diagrams, they explain and show how to dominate opponents defensively through these key components: * Philosophies, fronts, and schemes * Run defenses * Pass defenses * Formation and situation adjustments * Goal line defenses Defensive Football Strategies was developed in cooperation with the American Football Coaches Association. This one-of-a-kind resource offers a wealth of defensive know-how, proven to stop any offense and lead your team to championship-winning seasons.

"Considered the bible of scouting techniques" according to the Los Angeles Times, Football Scouting Methods explains the basic scouting strategies and insights of author Steve Belichick. He was widely viewed as the ablest football scout of his time and coached at the U.S. Naval Academy for 33 years; his son is New England Patriots coach Bill Belichick, a three-time Super Bowl winner. When Steve Belichick died in November 2005, the New York Times headline described him as "Coach Who Wrote the Book on Scouting," and cited Houston Texans General Manager Charley Casserly calling Football Scouting Methods "the best book on scouting he had ever read." The book explains how to scout opponents, recognize defenses, analyze offenses, discover "tip-offs," compose a useful report, self-scout, and conduct postgame analysis.

The first edition of Coaching Team Defense was printed over 20 years ago. Yet, the lessons within it remain vital for football coaches to this day. In fact, the lessons contained in this book may be more important to today's football coach than they were even at the time of the first printing of the book. Coaching Team Defense is widely regarded as one of the best defensive football manuals ever written. The book reinforces the belief that Fritz Shurmur was a mastermind in building great defensive teams. A proponent of coaching with simplicity, this revised edition delves into team defense basics and the guiding principles of team defense. Coach Shurmur's ability to think beyond the traditional envelope has inspired and guided football coaches for decades. This revised edition of this classic book offers several new features, including a DVD in which Coach Shurmur shares his insights and observations on the key factors involved in coaching sound team defense. Topics covered in this book include: Goals and Objectives Personnel: Physical Qualifications Personnel: Mental Qualifications Defending the Run Defending the Pass Pass Coverage Zone Pass Coverage Man Pass Coverage Nickel Defenses Practice Organization Scouting the Opponent Scouting Forms

Split-field coverages are nothing new. Many coaches around the country run them at all levels of play, but there are not many resources on how to teach them. In Cody Alexander's third book, he breaks down how to teach the many varieties of Quarters coverage. From simple match-Quarters to defending Empty and Quads formations, Coach Alexanders breaks it down and simplifies the concepts for any coach. Xs and Os are great, but the players must still execute and the coach must know when to use each scheme. Match Quarters: A Modern Guidebook to Split-Field Coverages, allows anyone interested in football to have a deeper understanding of the game itself and why each coverage is used. Along with the basics, Coach Alexander gives you multiple tags and variations within each family (Cover 4 and Cover 2). Come learn the Art of X.

ADP 3-90 augments the land operations doctrine established in ADRP 3-0 and FM 3-0. ADP 3-90 provides guidance in the form of combat tested concepts and ideas modified to exploit emerging Army and joint offensive and defensive capabilities. It provides additional information on the basic concepts and control measures associated with the art and science of tactics. ADP 3-90 provides the doctrine for the conduct of offensive and defensive tasks just as ADRP 3-07 provides doctrine for the conduct of stability tasks and ADRP 3-28 provides the doctrine for the defense support of civil authorities elements of decisive action. ADP 3-90 focuses on the organization of forces, minimum essential control measures, and general planning, preparation, and execution considerations for each primary offensive and defensive task. It is the common reference for all students of the art and science of tactics. Echelon-specific Army techniques publications address how each tactical echelon employs these tactical concepts.
