Coming of age and lost innocents in the early 50's. A tale of teenage romance, tragedy, betrayal and adventures of a young Marine awaiting his 18th birthday so he can be shipped to Korea. Reminiscent of J. D. Salinger's *Catcher In The Rye* except *Never Kiss An Angel* hero Ken Meers makes Holden Caulfield priest like in comparison. Carpetbag author Harold Robins would have loved Ken Meers fumbling sex scenes. This book has it all: Death, heroism, history, humor, sex and

friendships. Destined to be a classic Myers teaches us what it was like to be a teenager in the 1950s. Beginning in Indianapolis the book takes the reader to Yorktown, Virginia for Marine Barracks guard duty, the steamy side of Norfolk that any old time sailor or Marine will relate to. The final chapters of hitching hiking across the United States are a story unto itself. Staging regiment at Camp Pendleton, Oceanside, California, a squad liberty in Los Angeles and the troopship that will take replacements to Korea is a great final. A stunning epilogue. Also an invitation that has never been done in the history of book writing. Women will also enjoy this book.

Tiger Woods has called the U.S. Open "the most difficult national championship." With *Open*, John Feinstein goes behind the scenes to tell for the first time the full story of how the 2002 U.S. Open Championship came into being-how a public course was transformed into one of the most difficult and surprising in the tournament's history, and how the greatest golfers in the world rose to its almost insurmountable challenges. The Black course at the public golf club in Bethpage, New York, has long had a mythic status among golfers. Designed by legendary course architect A. W. Tillinghast in 1936, it is known as a work of genius-with long fairways, gorgeous vistas, and roughs and bunkers that stymie all but the very best golfers. It is a course where any player can compete, but its cult reputation means that golfers often have to camp overnight in the parking lot to get a tee time the next day. The 2002 U.S. Open at Bethpage Black was the first time in history that golf's greatest championship had been held at a true public course. *Open* is the full drama of that championship, from the moment that officials first considered holding it there until the last putt rolled in at dusk on Sunday. Along the way, John Feinstein reveals the full glory of golf as it's never been explored before. He digs deep to find out what it really takes to make golf's most famous event worthy of the champions who compete in it. He tells the remarkable story of the artisans who transformed the Black from a downtrodden and rough-around-the-edges public course to one that top pros hailed as

"unbelievable" and "the toughest par-70 I've ever played in my life." He also tracks the drama of the masters who battled for supremacy at the Black-Tiger Woods, Sergio Garcia, Nick Faldo, Phil Mickelson, Jeff Maggert-to show how true champions respond to the toughest conditions. Open is the story of people who devote their entire lives to golf, both behind the scenes and inside the ropes. Their struggles and exhilarations as they master the monster known as Bethpage Black make for a story every golf lover will want to read again and again.

Follow the leader. Math for Meds has helped nearly one million nurses and other health care professionals become safe practitioners of dosage calculations. This classic resource continues to blaze the trail into a ninth edition, with its ratio and proportion method and building-block organization. Hundreds of full-color images of drug labels, syringes, and equipment complement the range of calculation competencies - from reading medication labels to calculating flow rates for heparin infusion. The straightforward language has also been retained, as the ninth edition preserves the tradition of making the complex understandable.
