The Ford Escort RS1800 (Escort MkII) was consistently the fastest, most successful, and most versatile car in the second half of the 1970s. Developed from the Mk1 blueprint, its rally successes were legendary; taking victories at British (RAC), Safari, Acropolis, Finland (1000 Lakes), Sweden, Portugal, Canada, and many more. These rugged, powerful, and efficiently designed cars were ideal for almost any condition any environment could throw at them. Between 1975 and 1981, the car would win 17 World Rallies, as well as the World Makes Championship in 1979 and Escort drivers like Bjorn Waldegard (1979) and Ari Vatanen (1981) won World Drivers' Championships. Ford claims, and it may be right, that RS1800s have won more rallies at World, International, and National level than any other car in the world.

Order in the Court! Star Wars: the most significant, powerful myth of the twenty-first century or morally bankrupt military fantasy? Six films. Countless books. \$20 billion in revenue. No one can question the financial value or cultural impact of the Star Wars film franchise. But has the impact been for the good? In Star Wars on Trial's courtroom-Droid Judge presiding-Star Wars stands accused of elitist politics and sexism, religious and ethical lapses, the destruction of literary science fiction and science fiction film, and numerous plot holes and logical gaps. Supported by a witness list of bestselling science fiction authors, David Brin (for the prosecution) and Matthew Woodring Stover (for the defense) debate these charges and more before delivering their closing statements. The verdict? That's up to you. Covering the films from A New Hope to The Force Awakens, Brin and Stover provide new forewords that explore the newest generation of Star Wars films and what JJ Abrams must do to live up to-or redeem-the franchise.

The Escort RS Cosworth, which began rallying in 1993, was one of the most ingenious designs of all time, and eventually became Ford's most successful model since the legendary Escorts of the 1970s. The combination of Cosworth power, four-wheel-drive transmission, and an effective aerodynamic package made it a Rally Giant in all conditions, and, until the all-new Focus WRC was launched in 1999, this generation of Escorts was the most effective rally car that Ford had ever produced.
