After giving birth, even the most confident, fit, and spiritually centered women can feel depressed, overwhelmed by the responsibilities of motherhood, and disheartened by their plump postpartum bodies. Erin Cox knows exactly how they feel. She wrote One Hot Mama as a comprehensive guide to support, nurture, and steer women through a fun and completely doable process to lose unwanted pregnancy pounds and create an exceptional life. Erin understands that weight loss is an emotional process, and new mothers need to feel empowered and supported to make healthy lifestyle changes. New moms don ' t have the time or energy to count calories, but rather need guidelines and easy-to-implement suggestions on how to improve their diet and exercise routines. Using a realistic approach that has proven to be effective, mothers will be encouraged to make positive life changes that will encourage weight loss, positive thinking, and self-love. Women who read this book will not only feel empowered and invigorated to get their bodies back in shape, but the positive changes will impact every single aspect of life—allowing them to live a joyous and fulfilled life as a woman and mother, even emerginghappier and healthier than before getting pregnant!

In Feng Shui Simply, Cheryl Grace digs deep into the principles of feng shui to present an exciting new view of this age-old concept and shows that feng shui isn ' t just about rearranging your furniture or painting your walls; it goes much deeper. She opens your eyes to how feng shui can be used to balance the energy of every part of your life—both in your external and internal environments. Grace shows that bringing your focus to both of these worlds is a powerful way to design the life you ' re meant to live. In these pages, Grace takes you on a journey to design your living spaces using the classic Bagua map—a chart separating physical spaces into nine areas, each representing a different aspect of life, such as wealth, family, and career. But perhaps more importantly, she goes one step further, teaching you the inner work of feng shui using her own Inner Wisdom Bagua map, which correlates the characteristics, beliefs, and attitudes that will help you flourish in each area of your life. Sharing anecdotes from her own experience switching careers from an ESPN executive to a feng shui consultant, as well as her clients ' success stories, Grace walks you through each area of the standard and Inner Wisdom Bagua maps to create unique solutions for your life. She teaches you to harness the power of your intuition to determine what ' s true and important for you. And she offers practical tools based on concepts such as Yin and Yang, the Five Elements, and the Magical Day, to help you figure out which enhancements will be the most effective in transforming your life. By celebrating key principles like universal gratitude, a positive outlook, and living in the present moment, she shows you how to manage life on a day-to-day basis and points you toward your life ' s true purpose.

Love is one of our strongest biological drives, but it can be frustratingly elusive and misunderstood. Music, literature, and movies are filled with common folklore about love and millions of TV viewers tune in to shows like The Bachelor and read the latest relationship tome with one simple hope: to uncover some nugget of mystic wisdom that will help them understand the exciting, addictive, insane experience called 'love'. Men Chase, Women Choose, is the first book to offer cutting-edge research that explains how the brain works when two people first meet, start to date, fall in love, and then move into long-term, real love. Maslar's unique approach brings together the latest and most relevant neurological, physiological, and biochemical research on the science of love while incorporating stories and examples of composite characters based on participants of her popular classes and seminars. She explains that 'love' is actually neural activity as well as the presence or absence of certain neurotransmitters that bathe the brain, and it follows a precisely timed path of four, easy-to-understand phases: the exciting norepinephrine-charged meeting phase; the addictive dopamine dating phase; the insane falling-in-love and losing your mind phase; and finally, the safe, warm and wonderful, true, long-term love phase. For the past decade Maslar has made it her mission to learn all she can about the science behind falling in love, presenting its evolutionary benefits. Her goal—and the purpose of this book—is to help men and women find and maintain love by understanding and applying the science behind it. The bottom line? We actually can have long-lasting, nourishing, exciting, passionate love with little or no risk!

Prepares a novel about high school football in a small Texas town, a place in which football has become a religion.

NATIONAL BESTSELLER Jann Arden—bestselling author, recording artist and late-blooming TV star—is back with this funny, heartfelt and fierce memoir on becoming a woman of a certain age. The power, gravity and freedom she's found at fifty-seven are superpowers she believes all of us can unleash. Digging deep into her strengths, her failures and her losses, Jann Arden brings us an inspiring account of how she has surprised herself, in her fifties, by at last becoming completely her own person. Like many women, it took Jann a long time to realize that trying to be pleasing and likeable and beautiful in the eyes of others was a loser's game. Letting it rip, and damning the consequences, is not only liberating, it's a hell of a lot of fun: "Being the age I am—that so many women are—is just the best time of my life." Jann weaves her own story together with tales of her mother, grandmother, and great grandmother, and the father she came close to hating, to show her younger self—and all of us—that fear and avoidance is no way to live. "What I'm thinking about now aren't all the ways I can try to hang on, to my youth or all the seconds ticking by in some kind of morbid countdown to death," she writes, "but rather how I keep becoming someone I always hoped I could be. If I'm lucky one day a very old face will look back at me from the mirror, a face I once shied away from. I will love that old woman ferociously, because she has finally figured out how to live a life of purpose—not in spite of but because of all her mistakes and failures."

"Find, challenge, and change the emotional issues that keep you from achieving your ideal weight. Learn why you shouldn't exercise for results and how to pinpoint what's keeping you from losing weight."--Back cover.
