# File Type PDF Harvesting Color How To Find Plants And Make Natural Dyes

"'Harvesting Color' presents the entire process of infusing your life with color--finding the right plants, harvesting them at the best time, transforming the crop into beautiful dye, and, finally, marring pigment to fiber. In this beautiful book, Rebecca Burgess showcases thre dozen common plants that yield striking hues. Citing fascinating botanical lore, she demystifies the process of recognizing each plant in the wild. For those you can grow yourself, she details when to sow the seed and how to nuture the plant. For all the plants, you'll learn the optimal time to harvest, as well as how to extract the best dyes"--Cover flap.

# File Type PDF Harvesting Color How To Find Plants

Presents a season-by-season guide to the identification, harvest, and preparation of more than two hundred common edible plants to be found in the wild.

The dyeing of textiles and other materials is a rewarding and delightful way to bring the colors of nature to daily living. In this fascinating book, the authors have compiled extensive information to bring the techniques, plants, and lore of natural dyeing within every reader's reach."

Thousands of natural materials can produce glorious color—the insect cochineal produces pink, maroon, and purple, and more than 500 species of plants

produce indigo blue. In *The Modern Natural Dyer*, expert Kristine Vejar shares the most user-friendly techniques for dyeing yarn, fabric, and finished goods at home with foraged and garden-raised dyestuffs as well as with convenient natural dye extracts. Demystifying the "magic," Vejar explains in explicit, easy-to-follow detail how to produce consistent, long-lasting color. With stunning photography of the dyes themselves, the dyeing process, and 20 projects for home and wardrobe (some to knit, some to sew, and some just a matter of submerging a finished piece in a prepared bath), *The Modern Natural Dyer* is a complete resource for aspiring and experienced dye artisans.

# File Type PDF Harvesting Color How To Find Plants And Make Natural Dyes

An international study of natural dyeing aimed at teaching beautiful techniques Similar to cooking and the act of sharing meals, our relationship to textiles is a core tenet of our human experience. Creating textiles cultivates connection, belonging, community, and friendships among people. In the world of textiles, natural dyeing is the closest we come to the act of cooking. Journeys in Natural Dyeing shares the story of Kristine Vejar and Adrienne Rodriguez's travels to four countries—Iceland, Mexico, Japan, and Indonesia—where they visited natural dyers who use

And Make Natural Dyes  
locally-sourced dyes to create textiles that evoke beauty, a connection to their environment, and showcase their mastery of skill. This book shares their process of using their own locally-grown dyes and includes recipes and projects to create more than 400 shades of color. In addition, you will learn how to use your own natural environment to create deep, beautiful colors. No matter where you live, creating color naturally is possible.

Fabrics colored with natural dyes have a beauty and subtlety all of their own. Onion and avocado skins, chamomile and birch bark, and nettles and acorns can produce lovely, ethereal colors and effects. The Wild Dyer

# File Type PDF Harvesting Color How To Find Plants

demystifies this ecoconscious art, focusing on foraging and growing dying materials; repurposing kitchen trimmings; making and using long-lasting dyes; and creating stitched projects.

Workspace setup, equipment, and fabric choices and care are all discussed. Beautiful photographs and easy-to-follow instructions illustrate how to make fifteen exquisite household items, from a drawstring bag to a gardener's smock and a reversible patchwork blanket. *The Wild Dyer* is a complete guide for both beginners and experienced artists seeking to expand their knowledge of this increasingly popular craft.

An epic story of the American

# File Type PDF Harvesting Color How To Find Plants

wheat harvest, the politics of food, and the culture of the Great Plains For over one hundred years, the Mockett family has owned a seven-thousand-acre wheat farm in the panhandle of Nebraska, where Marie Mutsuki Mockett's father was raised.

Mockett, who grew up in bohemian Carmel, California, with her father and her Japanese mother, knew little about farming when she inherited this land. Her father had all but forsworn it. In *American Harvest*, Mockett accompanies a group of evangelical Christian wheat harvesters through the heartland at the invitation of Eric Wolgemuth, the conservative farmer who has cut her family's fields for decades. As Mockett

# File Type PDF Harvesting Color How To Find Plants

follows Wolgemuth's crew on the trail of ripening wheat from Texas to Idaho, they contemplate what Wolgemuth refers to as "the divide," inadvertently peeling back layers of the American story to expose its contradictions and unhealed wounds. She joins the crew in the fields, attends church, and struggles to adapt to the rhythms of rural life, all the while continually reminded of her own status as a person who signals "not white," but who people she encounters can't quite categorize. American Harvest is an extraordinary evocation of the land and a thoughtful exploration of ingrained beliefs, from evangelical skepticism of evolution to cosmopolitan assumptions about food
