Outside Lies Magic is a book about the acute observation of ordinary things, about becoming aware in everyday places, about seeing in utterly new ways, about enriching your life unexpectedly. For more than 20 years, John R. Stilgoe has developed and practiced the art of exploring the everyday world around us, where so much lies hidden just beneath the surface, offering uncommon knowledge if we but know what to look for. In this remarkable book, Stilgoe inspires us to become explorers on our own—on foot or on bicycle—and by so doing to reap the benefits of escaping, even temporarily, the traps of our programmed lives. "Exploration encourages creativity, serendipity, invention," he writes. And while sharing his insights on how to explore, Stilgoe provides a fascinating pocket history of the American landscape, as striking in its originality as it is revealing. Stilgoe dissects our visual surroundings; his observations will transform the way you see everything. Through his eyes, an abandoned railroad line is redolent of history and future promise; front lawns recall our agrarian past; vacant lots hold cathedrals of potential. From the electrical grid overhead to fences, malls, and main streets, Stilgoe offers a fresh understanding of the links and fractures in our society. After reading Outside Lies Magic, your world will never look the same again.

This is the record of a unique correspondence maintained throughout World War I between the editor of *The Morning Post* and his proprietor, Lady Bathurst. Gwynne's letters plot the course of the conflict and reveal much about the military and political powers that guided Britain at the time.

David B. Coe, winner of the William L. Crawford Award for Best First Fantasy Series for the *LonTobyn Chronicle*, continues his rise to the top rank of fantasy writers with *Rules of Ascension*, the first novel of an exciting new epic fantasy quartet, *Winds of the Forelands*. For centuries the Forelands were disputed by several tribes. Then came the magically gifted Qirsi--physically no match for their foes, but capable of mindsight, creating and controlling mists and fire, and bending solid matter to their purpose. After a Qirsi traitor betrayed his race to save himself, the Qirsi were defeated and dispersed among the seven realms of the Forelands. Those specially endowed Qirsi capable of multiple powers, the Weavers, were all put to death. For centuries the Forelands enjoyed relative peace. But when Tavis, the heir to the Kingdom of Curgh, is wrongfully blamed for the murder of a noble, the accusation sets in motion a series of events culminating in civil war. The ensuing chaos topples the throne in Eibithar and threatens to rain chaos on all the realms of the Forelands. Tavis, thrust into the center of deadly controversy and stripped of the protection of his family's nobility, turns to the Qirsi, his last remaining hope for redemption. But another Qirsi traitor, secretly fomenting fear and mistrust among the Dukedoms, seeks to destroy Tavis. Tavis must survive long enough to clear his name and save an entire kingdom. A powerful, compelling tale set in an unforgettable land, *Rules of Ascension* will capture your heart and fire your imagination.

A Best Book of the Year *Seed Magazine* • *Granta Magazine* • *The Plain-Dealer* In this fascinating and utterly engaging book, Carl Zimmer traces *E. coli*'s pivotal role in the history of biology, from the discovery of DNA to the latest advances in biotechnology. He reveals the many surprising and alarming parallels between *E. coli*'s life and our own. And he describes how *E. coli* changes in real time, revealing billions of years of history encoded within its genome. *E. coli* is also the most engineered species on Earth, and as scientists retool this microbe to produce life-saving drugs and clean fuel, they are discovering just how far the definition of life can be stretched.

“Very funny, very unpleasant, and very moving.” —Michael Palin *Harry Christmas* is unable to cope with the death of his wife and has been bouncing from one bad decision to the next. After a terrifying assault by the son of a woman he has

conned, he makes up his mind to leave the country. Now Harry Christmas is on the run. On a mission to track down his wife's ancestral village, Christmas arrives in Venezuela certain that his fortunes are about to improve. He's dead wrong. Soon out of money and luck, he is forced into yet more deceit—with devastating consequences for those he has fooled. Lost, drunk, and lurching across rural Venezuela, Christmas reaches the point of breakdown. He wakes up in a village at the end of the world. He is hanging by one leg from a tree. Inspired by the mighty *Lola Rosa*, he tries to crawl out of his spiritual abyss and find a way to live amongst these fishermen and farmers—but love isn't easy when you are a career liar still married to the dead. As the real trouble begins, can redemption survive? Published in the UK to great acclaim, *A Bright Moon for Fools* is a comic novel that is as funny as it is heartbreaking. Jasper Gibson's debut marks the arrival of a bold new voice in fiction. Skyhorse Publishing, as well as our Arcade, Yucca, and Good Books imprints, are proud to publish a broad range of books for readers interested in fiction—novels, novellas, political and medical thrillers, comedy, satire, historical fiction, romance, erotic and love stories, mystery, classic literature, folklore and mythology, literary classics including Shakespeare, Dumas, Wilde, Cather, and much more. While not every title we publish becomes a *New York Times* bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.
