I've mentioned Logo Lounge numerous times on this blog; but for those not familiar it is a series of books on logo & identity design, as well as an online logo inspiration gallery.. This year there were 36,000 logos submitted for consideration for Logo Lounge Vol. 7 and only 2000 that could make the cut, as chosen by an international panel of judges. I am thrilled to hear that 6 logos of mine ...

Gaelen is a Web Development and Security Specialist, and Digital Media Expert that heads up the GreyBox web team. Since 2006, he has helped small and large companies improve and bolster their brand image, brand equity, sales, and website traffic through search engine optimization, online advertisement campaigns, and superior website development.

The eleventh book in the LogoLounge series celebrates the latest in expert identity work by notable designers and up-and-coming talents from around the world. This far-reaching collection offers inspiration, insight, and an indispensable reference tool for graphic designers and their clients.

This book takes all the logos that were in Rockport Publisher's best-seller, LogoLounge and collects them in one small, neat, pictorial handbook for easy reference. There are no lengthy case histories, just logos, logos, and more logos. It's a fast-paced book featuring one to six logos per page to allow designers to easily shop for ideas. Logos are among the most important elements a designer can create, so it is no surprise that they are always looking for new, fresh ideas. LogoLounge delivers just that. Its predecessor showcased the logos along with the stories of how they came to be; this compact version puts the spotlight on the logos alone, making it the perfect handbook to logo design.

THE NINTH BOOK IN THE LOGOLOUNGE SERIES once again celebrates expert identity work by notable designers and up-and-coming talents from around the world. This edition's far-reaching collection offers inspiration, insight, and an indispensable reference tool for graphic designers and their clients. Masterminded by Bill Gardner, president of Gardner Design, the LogoLounge.com website showcases the latest international logo creations. LOGOLOUNGE vol. 9 PRESENTS THE 2,000 BEST LOGO DESIGNS as judged by a select group of identity designers and branding experts. Logos are organized into 20 visual categories for easy reference. Within each section, case studies allow a closer look at designs from diverse firms such as Hornall Anderson, Lippincott, Tether, Von Glitschka Studios, OCD and more. Each story details the logo design journey, from concept to finish. LOGOLOUNGE vol. 9 is the definitive logo resource for graphic designers, brand managers and start-ups looking for ideas and inspiration.

The twelfth book in the LogoLounge series celebrates the latest in expert identity work by notable designers and up-and-coming talents from around the world. This far-reaching collection offers inspiration, insight, and an indispensable reference tool for graphic designers and their clients.

A collection of 3,000 original logos, collected and selected by the renowned LogoLounge.com website, this collection provides an endless resource of ideas and inspiration for graphic designers. Organized thematically with the broader focus of Shapes and Symbols, the collection features logos that cover all categories of logo design, including typographic, illustrative, pattern-driven, and photographic.

A collection of 2,000 logos by top designers from around the world. Profiles selected designers and highlights successful new designs. Describes the creative process behind some logos by reviewing early designs and their evolution.

The next time you are tempted to design a logo, take a look at this book. Chances are, it has already been done. By raising the bar, this wonderful resource will make better designers of all of us." Michael Bierut of Pentagram Design The logo bible, this book provides graphic designers with an indispensable reference source for contemporary logo design. More than 1300 logos are grouped according to their focal form, symbol and graphic associations into 75 categories such as crosses, stars, crowns, animals, people, handwritten, illustrative type, etc. To emphasize the visual form of the logos, they are shown predominantly in black and white. Highlight logos are shown in colour. By sorting a vast, international array of current logotypes – ranging from those of small, design-led businesses to global brands – in this way, the book offers design consultancies a ready resource to draw upon in the research phase of identity projects. Logos are also indexed alphabetically by name of company/designer and by industrial sector, making it easy to piece together a picture of the state of the identity art in any client's marketplace.

When Alex's sister, Sarah, vanishes and all memory and evidence of her existence is erased, Alex is determined to get to the bottom of her sister's disappearance. What better place to start her investigations than the Nightschool itself? But when she discovers that sneaking into the Nightschool isn't as simple as it might seem, Alex enrolls as a student. But is she prepared for what she might find?

If you're like me, you probably have 100+ business books on your shelf collecting dust. Some of them you've read, some of them you had hopes of reading, but life just got in the way. Each of those books probably followed a theme and had one important underlying message to share with you. Hundreds of pages, thousands of words, but only one golden nugget of underlying wisdom. All that reading for just one golden nugget. Imagine if you could have one book that gave you 100 golden nuggets. Less dust. Less clutter. Just one book to always have by your side and reference whenever you need to. Well, that's The Better Business Book. It's your one-stop shop for crystal-clear business advice that you can use to grow your business and live the life you've always wanted. The Better Business Book is better than your average business book. That's how we came up with the title. It consists of 100 people each sharing their most valuable business lesson. A real story from their business experience and the lesson they learned from it. Each time you read it, you will learn something new. Guaranteed. We hope you enjoy reading this book half as much as we enjoyed creating it for you. Authors Unite
