Economics Coursebook (third edition).

Covers the Cambridge IGCSE syllabus (0455) and the Cambridge O Level syllabus (2281), first examination from 2020. Economics relates to every aspect of our lives, from the decisions we make as individuals to the structures created by governments and firms. Thinking like an economist can help us all make better choices. With exam-style questions and specific skills practice, this revision guide helps students build their knowledge and understanding of economic theory, giving them confidence to achieve their potential in examinations. Answers are at the back of the book so that students are free to self-study.

GCSE Economics has been specifically written to meet the requirements of the National Criteria and covers the new GCSE syllabuses completely. The book is a stand-alone course companion and includes everything needed for GCSE Economics courses - knowledge, course-work, exam guidance and homework activities. It is written in a straightforward style and, wherever possible, theory and knowledge are supported with visual material. Case studies based on a fictional village, as it progresses through various stages of economic development, are used throughout the text and are tiered according to the degree of difficulty.
