The Handbook of Recording Engineering is a logical outgrowth of the first two editions of Sound Recording. The ten years since the first edition have seen no slackening in the development of recording technology, and they have witnessed an almost phenomenal growth in the teaching of recording and audio engineering at all academic levels. The earlier editions of Sound Recording have been widely used as texts at all educational levels, and it is the author's intent in the Handbook of Recording Engineering to produce a book which is even more suited to these purposes. At the same time, the book has been organized as a true handbook, which presents of reference material in easily accessible form. a broad array The organization of the book is unique in that it progresses as the signal transmission chain itself does—from the recording venue on through the microphone, transmission channel, and finally to the listening environment. The first six chapters thus form a logical sequence, and the author recommends that instructors using the Handbook follow them accordingly. Chapter One presents a discussion of acoustical fundamentals, including an introduction to some basic psychoacoustical considerations having to do with performance spaces. Chapter Two covers the basic operating principles of microphones, while Chapter Three extends the discussion of microphones to cover the entire range of stereophonic imaging phenomena.

COUNTERFEIT COWBOY by Ginny Baird When it comes to love, Only the heart knows for sure... New York reporter Eve Parker is done with being a bridesmaid and ready to become a Wild West Bride. When her editorial director sends her to Wyoming to write an article on a new matchmaking service, Eve's prepared to go under cover. Little does she suspect she'll wind up under the covers with an ultra sexy cowboy. Ted Walker is handsome and charming, and oh so easy to kiss. So easy, in fact, Eve nearly forgets he's the subject of her story. When she reveals the truth, will Ted still be willing to confide? Eve's soon to learn she's not the only one keeping secrets. Ted Walker calls Jackson Hole home. He's got wide open spaces, room to ride, and a dependable place to hang his hat. He's got a booming business besides. With males outnumbering females in these parts, he and his buddy Brian have developed foolproof algorithms for predicting ideal couples. All they have to do is sign up for a week of Wild West Brides adventures, and let the mountain air and moonlight do the rest. When one of Ted's "grooms" goes missing, it's only natural for Ted to fill in. It's just for the week, and he's never mixed business with pleasure. That was before a stunning redhead came to town. Now Ted finds his interest in Eve is more than strictly professional. But how can he be sure her summer loving is for real?

Chuck Tingle is a world-renowned master of the "tingler"; a story so sensual, so erotic, and so powerfully gay that it will change the whole way you look at erotic romance literature. Collected here are three such tales of the unicorn variety. Are you ready to depart on a depraved journey of gay lust that will tingle you to your very core? If so, than this explicit collection is for you. UNICORN BUTT COPS: BEACH PATROL Jeff just can't seem to catch a break. Once a working professional at the top of his game, a string of bad luck has sent Jeff to the gutter, literally, where he struggles to survive as a homeless man on Venice Beach. Things go from bad to worse when Jeff is caught stealing a carnitas taco, and is promptly chased down by the Unicorn Butt Cops, a new branch of government that specializes in hot, gay, anal poundings on inline skates. The sentence is for a hardcore, double anal threesome, but little do these unicorn cops know that Jeff is an expert in all things gay and anal, leading to a twist ending that's sure to blow your mind! ANALLY YOURS, THE UNICORN SAILOR Out for a stroll after breaking up with his girlfriend, Tuck never could have imagined that he would meet the love of his life in the form of a gay unicorn sailor named Hunter, but that's exactly what happens. The two share a romantic evening until it's revealed that Hunter is about to embark on a year long sail around the world. However, their love remains strong in a series of explicit letters. But Hunter is planning something that will redefine the meaning of love between a man and a unicorn. Soon Tuck finds himself whisked away to the Bahamas on a private helicopter for a hardcore, anal surprise that will have your jaw on the floor. TOP HORN: TURNED GAY BY THE UNICORN PILOTS Nick is as patriotic as it gets, but while his friends are off at war in Europe he's stuck at home with a girlfriend who won't get off his back. But after Nick catches his girlfriend cheating, he finally heads out and joins the air force, qualifying for an elite squad of fighter pilot unicorns. The only problem, of course, is that Nick is a human. After getting consistently razed by the squad, Nick is suddenly thrown into aerial battle with an opponent from his past, and earns the respect of the unicorns. Now, they return home to celebrate in the showers the best way that they know how.
