Akarli examines the sociopolitical changes resulting from the negotiations and shifting alliances characteristic of these crucial years. Using previously unexamined documents in Ottoman archives, Akarli challenges the prevailing view that attributes modernization in government to Western initiative while blaming stagnation on reactionary local forces. Instead, he argues, indigenous Lebanese experience in self-rule as well as reconciliation among different religious groups after 1860 laid the foundation for secular democracy. European intervention in Lebanese politics, however, hampered efforts to develop a correspondingly secular notion of Lebanese nationality. As ethnic and religious strife increases

Coleridge's *Submerged Politics* explores Coleridge's response to several crucial issues of the revolutionary and post-revolutionary age: the rise and suppression of English radicalism during the decade of the French Revolution and the tragic questions of slavery and the slave trade. The book consists of two distinct but intimately related sections. Starting with omissions in Coleridge's annotations on *Robinson Crusoe*, Part I traces his positions on race and slavery, connecting Defoe's novel and the slave-trading of its hero with

the spectre-bark of *The Ancient Mariner* considered by several earlier critics as an abolitionist's allusion to the horrors of a slave ship. Keane discusses the numerous similarities that link these two haunting texts: their intertwined motifs of sea, sin, and existential solitude, of transgression, punishment, and at least partial redemption. More important, however, is Keane's treatment of the transfigured but recognizable domestic politics in and beneath the text of Coleridge's poem. Part II argues that imagery and plot developments in *The Ancient Mariner* reflect political events between November 1797 and March 1798, the months when Coleridge was writing and revising his poem and contributing anti-Pittite verses

Wrong With Buffalo and essays to the widely read opposition newspaper the Morning Post. Keane steers a balanced course, insisting on the significance of the poem's sociopolitical context without reducing it to a token of its genesis. Though the book is part of the increasingly widespread movement to reinstate historical context as a ground of literary interpretation, Keane does not claim that The Ancient Mariner "says" one thing and "means" another - or is really about either Western guilt regarding the slave trade or Coleridge's own dangerous political voyaging during the months he was working on the poem. By treating The Ancient Mariner as a work of artistic transformation rather than political allegory or an

"evasion" of politics, the author allows us to see the poem with an eye that is neither anti-historically "aesthetic" nor necessarily "ideological." As a result, The Ancient Mariner emerges with its interpretation-defeating mystery intact and as a poem to be read, re-created, and wondered about anew.
