Selection
World-renowned
economist Klaus

Schwab, Founder and
Executive Chairman of
the World Economic
Forum, explains that we
have an opportunity to
shape the fourth
industrial revolution,
which will
fundamentally alter how
we live and work.

Download

Ebook

Schwab argues that this revolution is different in scale, scope and complexity from any that have come before. Characterized by a range of new technologies that are fusing the physical, digital and biological worlds, the developments are affecting all disciplines, economies, industries

Download

Ebook

and governments, and even challenging ideas about what it means to be human. Artificial intelligence is already all around us, from supercomputers, drones and virtual assistants to 3D printing, DNA sequencing, smart thermostats, wearable sensors and microchips smaller than a grain of sand. But this is just the
