Composition and Design for
Better Photos'.

And Design For Better

The Photographer's Eye by
Michael Freeman - Review
Learning about design and
composition may help us
become better photographers,
but I recommend Michael
Freeman's book for a
different reason.

Photography is the art of
seeing. Even taking pictures
only to capture family
moments, looking for photo
opportunities. I read The
Photographer's Eye as a long
time photo enthusiast who
also uses photography as
meditation.
