A provocative, comprehensive analysis of Vladimir Putin and Russia's master plan to destroy democracy in the age of Donald Trump. In the greatest intelligence operation in the history of the world, Donald Trump was made President of the United States with the assistance of a foreign power. For the first time, The Plot to Destroy Democracy reveals the

# Where To Download The Plot To Destroy Democracy

dramatic story of how blackmail, espionage, assassination, and psychological warfare were used by Vladimir Putin and his spy agencies to steal the 2016 U.S. election -- and attempted to bring about the fall of NATO, the European Union, and western democracy. It will show how Russia and its fifth column allies tried to flip the cornerstones of democracy in order to re-engineer the world political order that has kept most of the world free since 1945. Career U.S. Intelligence officer Malcolm Nance will examine how Russia has used cyber warfare, political propaganda, and manipulation of our perception of reality -- and will do so again -- to weaponize American news, traditional media, social media, and the workings of the internet to attack and break apart democratic institutions from

Singer, Paul Manafort, and the Podesta brothers played? or did not play? in the conspiracy against the president How does all this tie together? And what does it mean for Trump's presidency and American democracy? Ted Malloch names the players, connects the dots, and explains who was behind the plot to create a red November. With a foreword by New York Times bestseller and Trump confidant Roger Stone, *The Plot to Destroy Trump* uncovers the biggest political scandal since Watergate.

Now a #1 National Bestseller! A journalist who's been attacked by Antifa writes a deeply researched and reported account of the group's history and tactics. When Andy Ngo was attacked in the streets by Antifa in the

# Where To Download The Plot To Destroy Democracy

summer of 2019, most people assumed it was an isolated incident. But those who'd been following Ngo's reporting in outlets like the New York Post and Quillette knew that the attack was only the latest in a long line of crimes perpetrated by Antifa. In *Unmasked*, Andy Ngo tells the story of this violent extremist movement from the very beginning. He includes interviews with former followers of the group, people who've been attacked by them, and incorporates stories from his own life. This book contains a trove of documents obtained by the author, published for the first time ever.

Donald Trump's presidency has raised a question that many of us never thought we'd be asking: Is our democracy in danger? Harvard professors Steven Levitsky and Daniel Ziblatt have spent more than twenty years studying the breakdown of democracies in Europe and Latin America, and they believe the answer is yes. Democracy no longer ends with a bang—in a revolution or military coup—but with a whimper: the slow, steady weakening of critical institutions, such as the judiciary and the press, and the gradual erosion of long-standing political norms. The good news is that there are several

# Where To Download The Plot To Destroy Democracy

exit ramps on the road to authoritarianism. The bad news is that, by electing Trump, we have already passed the first one. Drawing on decades of research and a wide range of historical and global examples, from 1930s Europe to contemporary Hungary, Turkey, and Venezuela, to the American South during Jim Crow, Levitsky and Ziblatt show how democracies die—and how ours can be saved. Praise for *How Democracies Die* “What we desperately need is a sober, dispassionate look at the current state of affairs. Steven Levitsky and Daniel Ziblatt, two of the most respected scholars in the field of democracy studies, offer just that.”—The Washington Post “Where Levitsky and Ziblatt make their mark is in weaving together political science and historical analysis of both

# Where To Download The Plot To Destroy Democracy

domestic and international democratic crises; in doing so, they expand the conversation beyond Trump and before him, to other countries and to the deep structure of American democracy and politics.”—Ezra Klein, Vox “If you only read one book for the rest of the year, read *How Democracies Die*. . . . This is not a book for just Democrats or Republicans. It is a book for all Americans. It is nonpartisan. It is fact based. It is deeply rooted in history. . . . The best commentary on our politics, no contest.”—Michael Morrell, former Acting Director of the Central Intelligence Agency (via Twitter) “A smart and deeply informed book about the ways in which democracy is being undermined in dozens of countries around the world, and in ways that are perfectly legal.”—Fareed Zakaria, CNN

# Where To Download The Plot To Destroy Democracy How Putin And His Spies

“The Plot to Hack America reads like a spy thriller, but it’s all too real.” –US

Daily Review Over 600 Amazon \*FIVE

STAR\* Reviews! “Nance states that, by their choices, actions, and statements, ‘Trump and Pence chose Russia’s values over America’s.’”

–Michael Lipkin, New York Journal of Books Published a full month prior to the divisive Trump vs. Clinton 2016 presidential election, this book exposed the Russian hacking while the CIA was drafting their own report. In April 2016, computer technicians at the Democratic National Committee discovered that someone had accessed the organization’s computer servers and conducted a theft that is best described as Watergate 2.0. In the weeks that followed, the nation’s top computer security experts

# Where To Download The Plot To Destroy Democracy

discovered that the cyber thieves had helped themselves to everything: sensitive documents, emails, donor information, even voice mails. Soon after, the remainder of the Democratic Party machine, the congressional campaign, the Clinton campaign, and their friends and allies in the media were also hacked. Credit cards numbers, phone numbers, and contacts were stolen. In short order, the FBI found that more than twenty-five state election offices had their voter registration systems probed or attacked by the same hackers. Western intelligence agencies tracked the hack to Russian spy agencies and dubbed them the “Cyber Bears.” The media was soon flooded with the stolen information channeled through Julian Assange, the founder of WikiLeaks. It was a massive attack on

# Where To Download The Plot To Destroy Democracy

America but the Russian hacks appeared to have a singular goal—elect Donald J. Trump as president of the United States. New York Times bestselling author of *Defeating ISIS*, Airey Neave Memorial Book Prize finalist for *Hacking ISIS*, career intelligence officer, and MSNBC terrorism expert correspondent Malcolm Nance's fast paced real-life spy thriller takes you from Vladimir Putin's rise through the KGB from junior officer to spymaster-in-chief and spells out the story of how he performed the ultimate political manipulation—convincing Donald Trump to abandon seventy years of American foreign policy including the destruction of NATO, cheering the end of the European Union, allowing Russian domination of Eastern Europe, and destroying the existing

## Where To Download The Plot To Destroy Democracy

global order with America at its lead. The Plot to Hack America is the thrilling true story of how Putin's spy agency, run by the Russian billionaire class, used the promise of power and influence to cultivate Trump as well as his closest aides, the Kremlin Crew, to become unwitting assets of the Russian government. The goal? To put an end to 240 years of free and fair American democratic elections.

The United States is more vulnerable today than ever before-including during the Great Depression and the Civil War-because the pillars of democracy that once supported a booming middle class have been corrupted, and without them, America teeters on the verge of the next Great Crash. The United States is in the midst of an economic implosion that

# Where To Download The Plot To Destroy Democracy

could make the Great Depression look like child's play. In THE CRASH OF 2016, Thom Hartmann argues that the facade of our once-great United States will soon disintegrate to reveal the rotting core where corporate and billionaire power and greed have replaced democratic infrastructure and governance. Our once-enlightened political and economic systems have been manipulated to ensure the success of only a fraction of the population at the expense of the rest of us. The result is a "for the rich, by the rich" scheme leading to policies that only benefit the highest bidders. Hartmann outlines the destructive forces-planted by Lewis Powell in 1971 and come to fruition with the "Reagan Revolution"-that have looted our nation over the past decade, and how their actions fit into a cycle of

# Where To Download The Plot To Destroy Democracy

American history that lets such forces rise to power every four generations. However, a backlash is now palpable against the "economic royalists"-a term coined by FDR to describe those hoarding power and wealth-including the banksters, oligarchs, and politicians who have plunged our nation into economic chaos and social instability. Although we are in the midst of what could become the most catastrophic economic crash in American History, a way forward is emerging, just as it did in the previous great crashes of the 1760s, 1856, and 1929. The choices we make now will redefine American culture. Before us stands a genuine opportunity to embrace the moral motive over the profit motive-and to rebuild the American economic model that once yielded great success. Thoroughly

# Where To Download The Plot To Destroy Democracy

researched and passionately argued, THE CRASH OF 2016 is not just a roadmap to redemption in post-Crash America, but a critical wake-up call, challenging us to act. Only if the right reforms are enacted and the moral choices are made, can we avert disaster and make our nation whole again.

Investigative journalist Lee Smith uses his unprecedented access to Congressman Devin Nunes, former head of the House Intelligence Committee, to expose the deep state operation against the president -- and the American people. Investigative journalist Lee Smith's *The Plot Against the President* tells the story of how Congressman Devin Nunes uncovered the operation to bring down the commander-in-chief. While popular

# Where To Download The Plot To Destroy Democracy

opinion holds that Russia subverted democratic processes during the 2016 elections, the real damage was done not by Moscow or any other foreign actor. Rather, this was a slow-moving coup engineered by a coterie of the American elite, the "deep state," targeting not only the president, but also the rest of the country. The plot officially began July 31, 2016 with the counterintelligence investigation that the FBI opened to probe Russian infiltration of Donald Trump's presidential campaign. But the bureau never followed any Russians. In fact, it was an operation to sabotage Trump, the candidate, then president-elect, and finally the presidency. The conspirators included political operatives, law enforcement and intelligence officials, and the press. The plot was uncovered by Nunes,

# Where To Download The Plot To Destroy Democracy

chairman of the House Intelligence Committee, and his investigative team. They understood that the target of the operation wasn't just Trump, but rather the institutions that sustain our republic. A country where operatives use the intelligence and security services to protect their privileges by spying on Americans, coordinating with the press, and using extra-constitutional means to undermine an election then undo a presidency is more like the third world than the republic envisioned by the founding fathers. Without Nunes and his team, the plot against the president -- and against the country -- never would have been revealed. Told from the perspective of Nunes and his crack investigators -- men and women who banded together to do the right thing at a crucial moment for our democracy --

# Where To Download The Plot To Destroy Democracy

the story of the biggest political scandal in a generation reads like a great detective novel, feels like a classic cowboy movie. The congressman from the cattle capital of California really did fight corruption in Washington. Devin Nunes took on the "deep state."

# Where To Download The Plot To Destroy Democracy

renowned intelligence expert Malcolm Nance reveals exactly how President Trump and his inner circle conspired, coordinated, communicated, and eventually strategized to commit the greatest acts of treachery in the history of the United States: compromising the presidential oath of office in exchange for power and personal enrichment. Seduced by the promises of riches dangled in front of them by Vladimir Putin, the Trump administration eagerly decided to reap the rewards of the plan to put a Kremlin-friendly crony in the Oval Office. Even after his impeachment, Trump continues to defend Putin and jeopardize American intelligence. And instead of interfering, Trump's powerful Republican allies have done everything they can to facilitate Trump's irreparable damage to national security. Through in-depth

# Where To Download The Plot To Destroy Democracy

research and interviews with intelligence experts and insiders, Nance charts Trump's deep financial ties to Russia through his family's investments-including those of Donald Trump Jr., Ivanka Trump, and Jared Kushner-and exposes the corrupt behavior of Trump's other double-crossing pro-Moscow associates. In doing so, Nance also draws a portrait of a venal and selfish president, one who willingly sells American national security to dictators, strongmen, and the ultra-rich at the expense, and sometimes the lives, of American citizens. In this newly revised and updated edition, *The Plot to Betray America* ultimately sketches the blueprint of the Trump administration's conspiracy against our country-and shows us how we can still fight to defend democracy, protect our
