In a 1953 interview, Shaw commented, "what I was trying to do in The Young Lions was to show the world at a certain point in its history, its good and evil, and as many people as I could crowd into the book struggling through that world, trying to find some reason for trying to stay alive in it". He described the character of the German soldier Christian: "I wanted to show how a man can start ...

The Young Lions - Wikipedia

The great novel by Irwin Shaw, The Young Lions, delivers several messages; among them, the parallel of conformity emanating from separate sources. One young man is a zealot in a community of conformist patriots who blindly follow a man bent on righting a situation that is wrong only in his ego-maniacal mind. The other young man is an unenthusiastic patriot in military service, who adheres to the "Great American Ideal," which is itself conformity.

The Young Lions (album) - Wikipedia

The Young Lion Cup (????????), Yangu Raionhai) is an infrequent professional wrestling tournament promoted by New Japan Pro-Wrestling (NJPW) as a means of showcasing the younger talent on their roster. The tournament is the successor to the Karl Gotch Cup that NJPW promoted in the 1970s. NJPW has held the tournament eleven times since 1985. ...

Young Lion Cup - Wikipedia

Upon graduation, Young Lions often compete primarily in the shows and excursions. Rookie wrestlers of the New Japan Pro Wrestling promotion are referred to as Young Lions. The name is a reference to the NJPW logo which features the fearsome beast. To be considered a Young Lion one must have trained through the NJPW system.

The Young Lions is a vivid and classic novel that portrays the experiences of ordinary soldiers fighting World War II. Told from the points of view of a perceptive young Nazi, a jaded American film producer, and a shy Jewish boy just married to the love of his life, Shaw conveys, as no other novelist has since, the scope, confusion, and complexity of war.

When Judd Reid attempted the 100-man kumite in 2011, fighting 100 karate black belts in a row, it was something only a handful of martial artists in the world had achieved before him. To complete this 100-man fight, Reid would have to draw on the ironclad toughness and perseverance he'd forged from a lifetime of training. At only 19-years old, Judd got the opportunity to chase his dream when he was invited to Japan by the legendary Sosai Mas Oyama in the elite Young Lions program. For 1,000 days, Reid endured with the most vigorous training in the world among the most Spartan conditions, but found the discipline and dedication to become the first foreigner ever to graduate as a Young Lion. Along the way, Sosai Oyama became a father figure to Reid, teaching him everything he knew about martial arts but also how to live a pure and honorable life. Reid's story reveals the secret world of the most elite martial artists – and the very human emotions, pain, and sacrifices they make to achieve their dreams.

The golden age of book publishing, Al Silverman informs us with utter certainty, began in 1946 and lasted into the late 1970s and early 1980s. In his intimate history of those years, Silverman sets out to prove this sweeping conceit by relying on the eyes and ears and memories of the men and women who were there creating that history. Without inhibition, more than 120 of the most notable heads of houses, editors and publishers of this time shared many never-before told stories about how the most important books in postwar America came into being, and are still being read today. In The Time of Their Lives we learn how ... -- Robert Gottlieb worked with Joseph Heller to make Catch-18, as it was then called, into the world renowned Catch-22... -- Corlies “Cork” Smith took a risk on a shy young man he had never heard of, Thomas Pynchon, after being absorbed by one of his earliest short stories ... -- Leona Nevler edited under delicate working conditions with a most difficult author, to make Peyton Place a novel for all generations. It was Arthur Thornhill, Sr., in his years as president of Little, Brown’s grand publishing house who said about the occupation he loved, “I wanted to be part of something that was good,” his word for publishing in the golden age. In this fascinating and elegiac history, Al Silverman illuminates a period in publishing that was not only good, but formed a distinguishing landmark of culture in American life -- a golden time that certainly deserves a new life.

Based on three years of study in the Serengeti National Park, George B. Schaller's The Serengeti Lion describes the vast impact of the lion and other predators on the vast herds of wildebeest, zebra, and gazelle for which the area is famous. The most comprehensive book available on the lion, this classic work includes the author's findings on all aspects of lion behavior, including its social system, population dynamics, hunting behavior, and predation patterns. "If you have only enough time to read one book about field biology, this is the one I recommend."—Edward O. Wilson, Science "This book conveys not only the fascination of its particular study of lion behavior but the drama and wonder and beauty of the intimate interdependence of all living things."—Saturday Review "This is an important book, not just for its valuable information on lions, but for its broad, open, and intelligent approach to problems that cut across the fields of behavior, populations, ecology, wildlife management, evolution, anthropology, and comparative biology."—Richard G. Van Gelder, Bioscience
