Jobs-to-be-Done Theory. A theory is a set of tenets that has been formed as an attempt to explain things that have already been substantiated by data. Jobs-to-be-Done Theory is comprised of a group of principles or tenets that explain how to make marketing more effective and innovation more predictable by focusing on the customer's job-to-be-done.

### **The Core Tenets of Jobs-to-be-Done Theory | by Tony Ulwick ...**

Jobs-to-be-done theory tells us that the more jobs a product can help a customer get done, the more valuable that product is as a product platform in that space. The swiss army knife, for example, helps customers get dozens of jobs done, and the smartphone helps customers get thousands of jobs done. Design a business around a job-to-be-done.
