### Notes Of A Radiology Watcher

Notes of a Radiology Watcher aims to show the reader how radiology is being transformed from its customary focus of the last 40 years to meet the disparate challenges of competing influences and an uncertain future. Considerations on the elaboration of ‘milestones’ for residency education are examined, as well as the social and economic issues that are codified into focused initiatives that must be addressed by each trainee as they advance in capability and seniority within the training ...

springer, The Radiology Department is a pivotal part of any acute and/or comprehensive health care facility. The radiologist can no longer just “hide out” there. Matters of imaging are often public concerns, larger in scope than just the scheduling and managing of a series of image tests. Rather radiology is expensive, often intrusive and in some areas earnestly and endlessly controversial.
