Seminars In
Nuclear Medicine
Seminars in Nuclear
Medicine is the leading
review journal in
nuclear medicine. Each
issue brings you expert
reviews and
commentary on a
single topic as selected
by the Editors. The
journal contains
extensive coverage of
the field of nuclear
medicine, including
PET, SPECT, and other
molecular imaging
studies, and related
imaging studies.

medical specialty that uses small amounts of radioactive materials for diagnosis, and somewhat large amounts for treatment of diseases. The emphasis in all Nuclear Medicine departments is on diagnosis of disease. In Nuclear Medicine, imaging the source of radioactivity is not in the machine but inside the patient for a short period of time.
